COMPOSITE DECKING

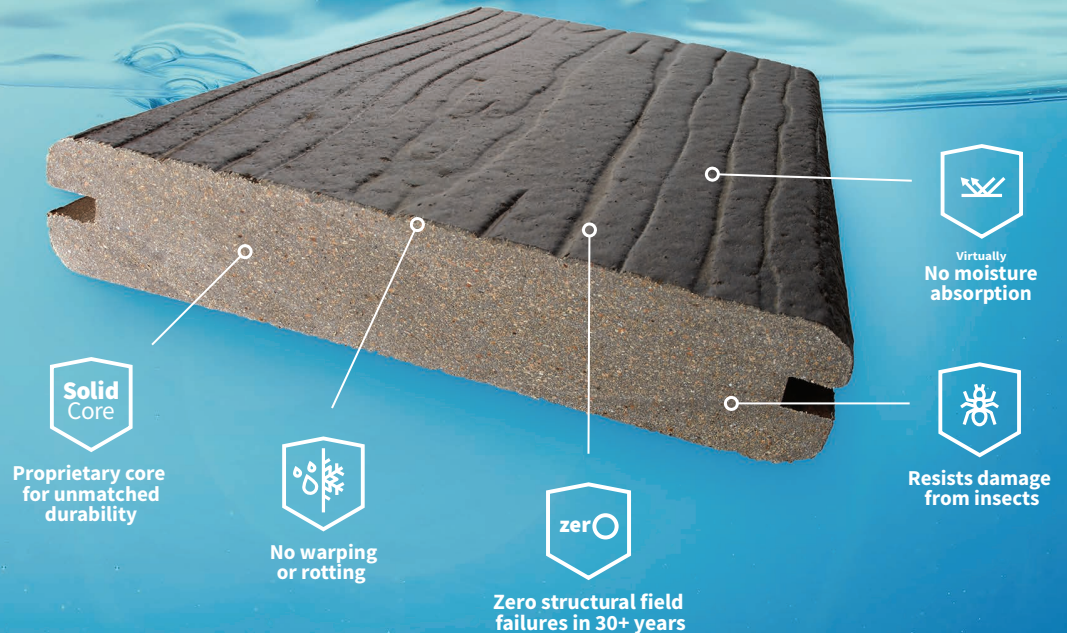

Meet the Next Level in Outdoor Living

The Solid Core Difference™

MoistureShield® offers the only composite boards in the industry that can be installed on the ground, in the ground or underwater without any structural performance issues. At the foundation of every board is our proprietary Solid Core — an impermeable barrier that fights damage from moisture, rot, insects and other harmful elements. Our core maintains its integrity even after ripping and cutting, mitigating warranty issues and long-term damage.

Choose Solid Core and create outdoor spaces that stand up to the effects of weather and wear — day in and day out.

Our Products

Our offering provides beautiful options for every project. Create bold and inspired outdoor living spaces that stand up to the effects of weather and wear. All of our products are protected with The Solid Core Difference for unbeatable performance in virtually any environment — from above the ground to underwater — so you can rest assured knowing your investment will last a lifetime.

Vision®

Infuse®

Vantage™

Excel Through Innovation

From our Solid Core to our exclusive wood composite caps, our boards are designed to defy the elements and inspire better living for years to come. That's why we keep a constant focus on innovation to ensure guaranteed performance and zero structural field failures. We've kept our promise for more than 30 years.

CoolDeck® Technology

Helps create more comfortable outdoor living environments by reducing heat transfer from the board by up to 35%*.

DiamondDefense™ Coating

Creates the strongest composite cap in the industry to resist damage from scratches, stains and fading.

Co-X™ Manufacturing Process

Creates authentic beauty with a true wood-grain finish and enriched color variegation throughout the composite cap.

* Compared to conventional capped composites

Vision

Bold. Refined. Infinite.

It's time to step up to the future of composite decking. Our strongest capped wood composite board is protected with our exclusive DiamondDefense Coating to exude distinctive style while resisting scratches, stains and damage on impact. Choose from beautiful color options and textures that reflect the look of real hardwood while ensuring unmatched performance features designed to last a lifetime.

- 1"x 6" deck boards
- Available in 12', 16' and 20' lengths
- Offered in square edge and grooved
- Transferable lifetime structural warranty
- Lifetime fade and stain warranty

Vantage

Versatile. Durable. Dependable.

Decking gets an upgrade with a wood composite board that works better than pressure treated lumber. When it comes to creating custom artisan decks, there's no material that cuts, rips or bends better while still maintaining its integrity. That's because our Solid Core runs through the entire board to ensure protection without a cap. As a result, there's no need for painting, staining and yearly repairs with this beautiful decking option that's resistant to moisture, rot and warping**

- 1" x 6", 2" x 4", 2" x 6" and 2" x 8" deck boards
- Available in 12', 16' and 20' lengths
- Offered in square edge and grooved
- Matte finish
- Self-healing properties minimizes the appearance of wearing and scratching
- Transferable lifetime structural warranty
